Appendix B – The Council’s Local Corporate Governance Framework

1. Introduction

- 1.1 The role of the Council’s Audit and Transparency Committee is to support good governance and it has approved this Local Code of Corporate Governance (“the Code”) which is based upon the CIPFA / SOLACE publication entitled “Delivering Good Governance in Local Government: Framework 2016 Edition.”

2. What do we mean by Governance?

- 2.1 Following the Grenfell tragedy the Centre for Governance and Scrutiny (CfGS) carried out an Independent Review of Governance for the Council. ‘ In their report [“Change at the Council”](#) CfGS) explain that the term “governance” refers to the way that the Council makes decisions and who is involved in making those decisions. The Council acknowledges that effective councillor oversight of financial matters is a cornerstone of good governance. Good governance means doing the right things in the right way. It is about more than just legal systems and policies. It is about being transparent, accountable, involving people, acting with integrity and having the right support. The Council Plan 2023-27 recognises in the section “Making it Happen” that the Council Plan sets the priorities for the Council and guides what we do and our budget sets out how we will fund delivery of these priorities. The Plan combined with our Charter for Public Participation, values, People Plan and budget give direction to what every Council team does. Councillors and staff are central to achieving the vision and change and we will support them so they can do the best possible job for our communities. Decisions about spending will be taken transparently and only after consultation with affected residents. Decisions should be informed and risk properly managed. This is all part of what CfGS call a “culture of good governance”.
- 2.2 The Council is committed to the principles of good corporate governance identified in the CIPFA/SOLACE guidance “Delivering Good Governance in Local Government” referred to above. As part of this commitment the Council has developed and adopted a Local Code of Corporate Governance which it will keep under review. The

Constitution Part Eight, Section One – Code of Corporate Governance

Council recognises the importance of having and maintaining a “culture of good governance”. As explained in section 4 below the Council is required to prepare an Annual Governance Statement which will include an assessment of how the Council has complied with its Local Code of Corporate Governance.

3. Core Principles

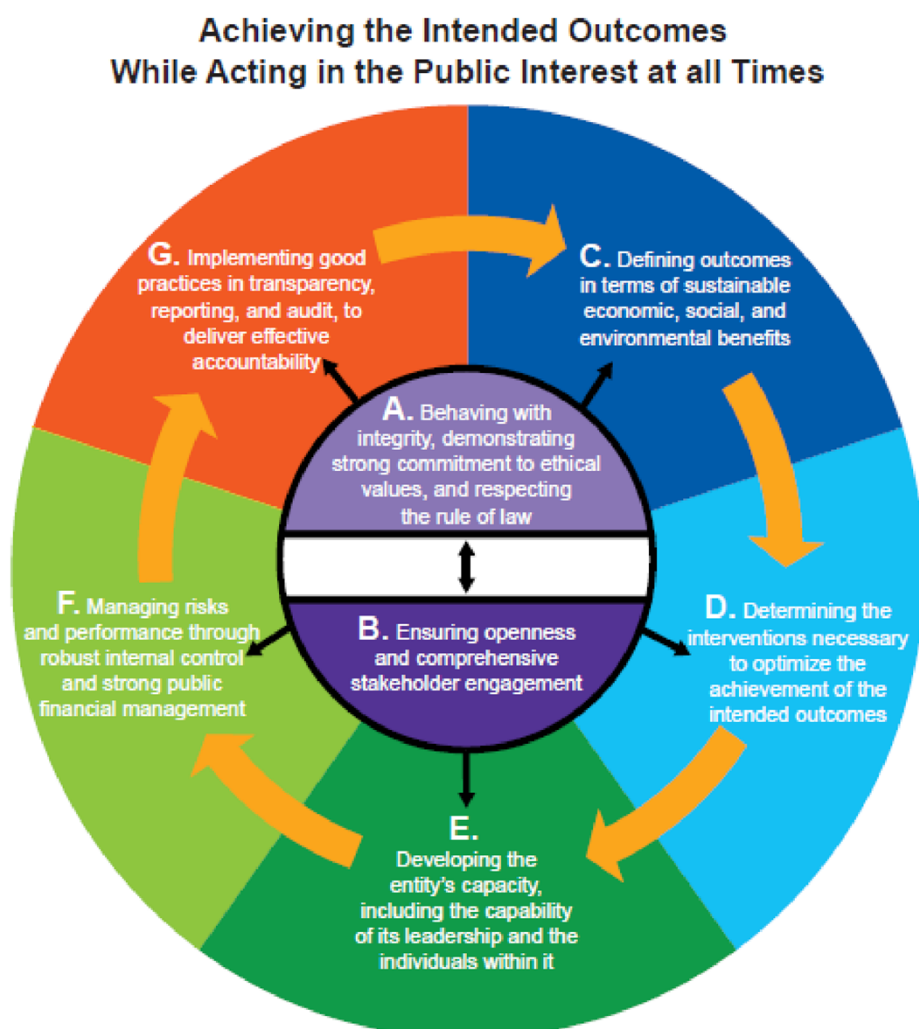

3.1 The Council’s Local Code of Corporate Governance is based on the seven core principles from the International Framework which have been interpreted to apply to local government:-

- A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law;
- B. Ensuring openness and comprehensive stakeholder engagement;
- C. Defining outcomes in terms of sustainable economic, social, and environmental benefits;
- D. Determining the interventions necessary to optimize the achievement of the intended outcomes;
- E. Developing the Council’s capacity, including the capability of its leadership and the individuals within it;
- F. Managing risks and performance through robust internal control and strong public financial management; and
- G. Implementing good practices in transparency, reporting, and audit to deliver effective accountability.

3.2 The following table sets out how the seven core principles from the International Framework relate to the three cross-cutting themes in the Council Plan:

A Greener Kensington and Chelsea
C. Defining outcomes in terms of sustainable economic, social, and environmental benefits; F. Managing risks and performance through robust internal control and strong public financial management;
A Safer Kensington and Chelsea

Implementing good practices in transparency, reporting, and audit to deliver effective accountability. F. Managing risks and performance through robust internal control and strong public financial management;

- 3.3 The diagram below, taken from the International Framework, illustrates the various principles of good governance in the public sector and how they relate to each other.

- 3.4 This Code of Corporate Governance specifically identifies the actions and behaviours to be taken by the Council in relation to each of these core principles and associated sub principles. These are summarised within Annex A.
- 3.5 In the “Change at the Council” report the CfPS proposed twelve principles, listed below, which describe what good governance means for the Council and were designed using suggestions from residents, councillors, council officers and partners.
1. Connecting with residents
 2. Focusing on what matters
 3. Listening to every voice
 4. Acting with integrity
 5. Involving before deciding
 6. Communicating what we're doing

Constitution Part Eight, Section One – Code of Corporate Governance

7. Inviting residents to take part
 8. Being clearly accountable
 9. Responding fairly to everyone's needs
 10. Working as a team
 11. Managing responsibly
 12. Having the support we need
- 3.6 These principles were proposed by CfPS with reference to the CIPFA Framework and have been incorporated into Annex A (denoted by an *) as part of the behaviours and actions to be taken by the Council.
- 3.7 Annex B sets out in more detail the documents and processes the Council has in place to comply with the core principles. For example, The Members' Code of Conduct and the Officers' Code of Conduct are two examples of the documents listed under core principle A **Behaving with integrity, demonstrating strong commitment to ethical values and respecting the rule of law**. The work of the Ethics Panel is one of the ways by which the Council monitors compliance with that core principle.

4. The Annual Governance Statement

- 4.1 The Council is required to prepare an Annual Governance Statement to report on the extent to which it complies with its Local Code of Corporate Governance.
- 4.2 In the "Change at the Council" report, CfPS say "We think that the Council needs to regularly reassure itself about how well its governance systems are working and what could be done to improve them. The obvious process for doing this is the Annual Governance Statement, which is reported to the Council's Audit Committee. We recommend that the Council should invest in this process so that it is a wider annual conversation than is the case at the moment. The twelve principles should be used to see how decision-making, including the work of Leadership Team and scrutiny, are working and how they might be improved."
- 4.3 In September 2018 the Council adopted new values and behaviours which were developed following many staff workshops and tested with the community. The four values, Putting Communities First, Respect, Integrity and Working Together are being embedded into the working practices of the organisation through corporate communications, discussions at Staff Conferences and now form part of the Council's Performance Management and Appraisal processes. The latest Our Voice staff survey (run in September 2022) continues to demonstrate current staff understanding and embedding of the Council's values and behaviours.
- 4.4 The Council Plan was first adopted in March 2019 and set out the Council's key priorities. The current version of the Council Plan was reviewed by the Overview and Scrutiny Committee on 8th February, reviewed and recommended at the Leadership Team meeting on 15th February and subsequently adopted by the Council on 1 March 2023. The Council Plan was the result of engagement from over 1000 residents including bereaved, survivors and those in the community affected by the

Constitution Part Eight, Section One – Code of Corporate Governance

Grenfell tragedy. It is the key document which guides what we do based on the priorities of “Greener, Safer, Fairer”, a breakdown of what we want to see is outlined below:

- **A GREENER KENSINGTON AND CHELSEA**
 - Clean air, clean streets, and greening
 - Parks and open spaces
- **A SAFER KENSINGTON AND CHELSEA**
 - Safe homes
 - Crime and community safety
- **A FAIRER KENSINGTON AND CHELSEA**
 - Housing
 - Advice and support
 - Celebrate, promote, and improve Kensington and Chelsea
 - Education, economy, and employment

4.5 Annex B of this Code identifies the key documents and processes we should have in place and the Annual Governance Statement will set out whether and how effectively we are doing them. In that statement we will consider the extent to which we are complying with the Corporate Governance core principles and the ‘Change at the Council’ twelve principles.

4.6 The Council’s Audit and Transparency Committee is responsible for approving this Code and it is recommended that this is annually reviewed and updated accordingly. This Code was approved by the Committee on 26 June 2023.
