KENSINGTON
AND CHELSEA

What is a registered childminder?

Registered childminders are self-employed people who work in their own homes and for other peoples' children. They have to be registered with Ofsted if they look after children under the age of eight for more than two hours a day. Every registered childminder has an Ofsted registration certificate which indicates the maximum number of children that can be cared for on the premises.

Why choose a childminder?

Childminders can offer a flexible service to accommodate unsocial working hours, out of school care and siblings of different ages. They are part of the local community and can take children out and about on a regular basis. Childminders offer a secure, homely environment and continuity of care by one familiar adult. Parents value it as a personal service.

Where can I get more information?

For more information can be obtained from a leaflet called 'Choosing a Childminder'.

Information from this document can be made available in alternative formats and in different languages. If you require further assistance please use the contact details below:

Childminder map

To make the best use of the map, please use it in conjunction with a childminder vacancy list to find out details such as vacancy details, price and provisions. This map allows you to identify those childminders who live close to you or your place of work. As childminders are self employed, they set their own rates for

the service they provide. An electronic enlargeable version is available on the website with live links to each of the childminder profiles on www.rbkc.gov.uk/fis. The childminder map is also available for the south of the borough. To obtain a copy, please contact the FIS on **020 7361 3302**.
