# Commercial Waste Newsletter

**Wishing you a very happy  
and prosperous new year!**

## Business to Business Swap Shop...under construction

Commercial Waste will be launching a Business to Business Swap Shop some time in 2013. This new service will be available on our website and will entitle businesses to advertise unwanted office furniture or IT equipment they want to giveaway or swap for FREE.

Companies will save money by advertising free collections from their premises. This will also be an effective way to re-use and cut down on the amount of waste going to landfill.

## FREE Laminated A4 Recycling Guides available to order

You can now order your **FREE** laminated A4 Recycling Guide by simply sending an email to [commercial.waste@rbkc.gov.uk](mailto:commercial.waste@rbkc.gov.uk) or by calling us on 020 7341 5106.

This guide is intended to help in the training of staff and prevent recycling being disposed of with the general waste. Poor recycling is leading to **costs increase in waste disposal** and has an **environmental impact**. When non-recyclable items are mixed in with the recycling or when recyclables are presented in the bin incorrectly, this is referred to as 'contamination'. Please place this guide in the area where Recycling bins and sacks are stored.

### Recycling for Businesses

Please ensure that all members of staff are aware of the products that can be recycled, and that these items are placed in the correct bin. Items that are not recyclable should be placed in the general waste bin. Items that are not recyclable should be placed in the general waste bin.

**PUT THESE IN YOUR RECYCLING CONTAINER OR ORANGE SACK**

The Royal Borough of Kensington and Chelsea sets out the steps for dealing with waste in the following order: 1. Re-use 2. Recycle 3. Recover 4. Landfill.
