**1 Cremorne ward** Councillors Matthew Neal, Gerard Hargreaves and Maighread Condon-Simmonds have worked with residents and community groups to support a range of projects since joining City Living, Local Life in September 2012. In addition to many Jubilee celebration events in June and a number of other projects, they contributed funding towards a local history project DVD coordinated by the Cremorne Residents' Association of Lots Villiage.

**2** The Councillors in **Stanley ward** are Sir Merrick Cockell, Will Pascall and Paul Warrick. They are planning to join City Living, Local Life later on in 2012, and are interested in hearing what you think the most important issues and opportunities are in this local area.

**3** Councillors for **Hans Town ward** Timothy Coleridge, Nicholas Paget-Brown and Mary Weale have some early ideas for City Living, Local Life and are keen to work with residents and local community groups. As part of Hans Town's initial activities after joining City Living, Local Life in April this year, they plan to survey residents before finalising their priorities and putting forward projects.

**4** In **Royal Hospital ward**, Councillors Elizabeth Campbell, Ian Donaldson and Emma Will worked with resident and community groups to support a series of local events to mark the Diamond Jubilee after the ward joined City Living, Local Life in January 2012. Councillors have also funded the Tamezin Club's inter-generational project designed to promote volunteering and encourage young and older people to get to know each other.

# Local resources for local life

## What is City Living, Local Life?

The City Living, Local Life programme in the Royal Borough of Kensington and Chelsea supports local people like you and your Councillors to find practical ways to make your area a better place to live. The programme gives small amounts of money and lots of practical support to the best ideas. It's your chance to make a difference to your street, your estate, your neighbourhood - your local life.
