

# Opportunities for young people

Most of the opportunities outlined in these pages are open to all residents but some are just for young people. Getting involved in your community doesn't just mean helping those in need and there are lots of opportunities across the Royal Borough for you to try new things from five-a-side football to performing opera.

## KCcentral

KCcentral is the website for young people in Kensington and Chelsea. It provides a space for younger residents to access a variety of information about the borough. KCcentral has competitions, advice, news of events and details about the many services provided for young people.

If you would like to give your opinions about KCcentral and its content you could join the KCcentral Forum. The Forum is a group of young people who support the KCcentral website manager and provide content on a number of areas of the website.

As a peer tutor you could help run courses in sports, art, music, film, media, homework and career advice as part of the Summer Uni activities or throughout the year.

All tutors receive training and it is a great asset for future education or employment, and a way to meet new people as well as develop new skills.
