

APPENDIX A - PETITION PRAYERS AND BREAKDOWN OF SIGNATURES

| Prayer No. | PRAYER DETAILS |
|------------|--|
| 1 | 'The Council plans to make Sloane Square into a crossroads. To do so it needs to cut down several mature trees, move the fountain and war memorial, close off some roads and this will probably result in increased rat runs in nearby streets. It will lose the well loved symmetrical island and traffic will in fact be more apparent in the square centre. It will cost over £5.2 million and may take years of disruption to complete. If you would prefer the money spent better elsewhere and simpler refurbishing of the square within the existing gyratory please sign this petition.' |
| 2 | 'WE, the undersigned residing within the Sloane Square Consultation Area of the Royal Borough having regard to the Borough Council's proposed scheme to convert Sloane Square into a traffic intersection do Petition the Council to rescind their destructive and costly proposal and to give serious consideration to an alternative plan which is less destructive and has significant aesthetic appeal' |
| 3 | 'WE, the undersigned residents of the Royal Borough of Kensington and Chelsea having regard to the Borough Council's proposed scheme to convert Sloane Square into a traffic intersection do Petition the Council to rescind their destructive and costly proposal and to give serious consideration to an alternative plan which is less destructive and has significant aesthetic appeal' |
| 4 | 'WE, the undersigned residing within the City of Westminster's Sloane Square Consultation Area and having regard to the Council of the Royal Borough of Kensington and Chelsea's scheme to convert Sloane Square into a traffic intersection do Petition the Council to rescind their destructive and costly proposal and to give serious consideration to an alternative plan which is less destructive and has significant aesthetic appeal' |
| 5 | 'WE, the undersigned having regard to the Council of the Royal Borough of Kensington and Chelsea's proposed scheme to convert Sloane Square into a traffic intersection do Petition the Council to rescind their destructive and costly proposal and to give serious consideration to an alternative plan which is less destructive and has significant aesthetic appeal' |
| 6 | 'WE, the undersigned having regard to the Royal Borough of Kensington and Chelsea's proposed scheme to convert Sloane Square into a traffic intersection do Petition the Council to rescind their destructive and costly proposal and to give serious consideration to an alternative plan which is less destructive and has significant aesthetic appeal' |
| 7 | 'WE, the undersigned residents of the City of Westminster having regard to the Council of the Royal Borough of Kensington and Chelsea's scheme to convert Sloane Square into a traffic intersection do Petition the Council to rescind their destructive and costly proposal and to give serious consideration to an alternative plan which is less destructive and has significant aesthetic appeal' |
| 8 | 'We the undersigned residents of Chelsea, Kensington and Westminster, strongly oppose RBKC's experimental scheme to radically alter historic Sloane Square. The abolition of the present gyratory system and the re-routing of traffic will cause major rat-running problems for adjacent streets in Chelsea, Kensington and Belgravia, and lower the peace and quality of life (not to mention the house prices) in these affected areas. Millions of pounds of taxpayers' money can surely be put to better use than implementing an increasingly unpopular scheme that will confer little benefit but rather will incur several years of total traffic chaos in the Sloane Square area where both residents and many businesses (including retailers) will be |

| | |
|----|---|
| | adversely affected.' |
| 9 | 'We, the undersigned, object to the Council's plans to destroy Sloane Square and replace it with a crossroad We petition the Council to consider alternative schemes which improve the existing square and its peripheral pavements without the loss of a valuable Chelsea landmark. For more information go to www.savesloanesquare.co.uk & www.rbkc.gov.uk .' |
| 10 | 'We. The undersigned having regard to the Royal Borough of Kensington and Chelsea's proposed scheme to convert at significant expense the much loved Sloane Square into crossroad by driving a four lane highway through the centre of the square and in doing so cut down many mature trees and moving the central Fountain and War Memorial and disrupting established public transport and closing Holbein Place do Petition the Council to give serious consideration to reasonable and less costly and destructive alternative schemes to improve and enhance Sloan Square.' |
| 11 | DON'T drive Sloane Street through Sloane Square! |
| 12 | We, the undersigned, object to the expensive council plans to make Sloane Square into a cross roads, to cut down several mature trees, move the fountain, and close off some roads. We petition the council to consider alternative schemes to improve the square which retain the well loved symmetrical ring of trees. |
| 13 | The proposed changes to Sloane Square by the Royal Borough of Kensington and Chelsea will force traffic to use the Cadogan area as a MOTOR WAY to Knightsbridge. In particular the no right turn from Cliveden Place into Sloane Square will leave the only access to Knightsbridge being through Symons Street, Draycott Place, Cadogan Gardens, Cadogan Square, Milner Street, and Lennox Gardens. We the undersigned residents of the Royal Borough of Kensington and Chelsea, having regard to the Borough Council's proposed scheme to convert Sloane Square into a traffic intersection PETITION the COUNCIL not to go ahead with the scheme. |
