

## THE ROYAL BOROUGH OF KENSINGTON AND CHELSEA

LEADERSHIP TEAM – 7 JULY 2021

### REFERENCE FROM THE FAMILY SERVICES SELECT COMMITTEE

### THE COMMISSIONING OF THE HEALTHY CHILD PROGRAMME (0-5)

(05903/21/K/A)

Members of the FSSC have considered the report on the Commissioning of the Healthy Child Programme (0-5) (A6 on the Leadership Team agenda) and make the following comments:

1. The approach taken in this recommissioning project is welcomed.
2. It fundamentally reviews what is wanted from the service with a focus on identifying and helping those with the greatest needs.
3. There are similarities with the successful retendering of the School Health Service.
4. The Lead Member and one of the Select Committees should monitor the new contract. Autumn 2022 would be a good time to take a close look and perhaps annually thereafter.
5. It is important that performance against target of each of the mandatory checks is reported and compared against what is achieved at present, as set out in paragraph 4.4 of the KD report.
