Comment received: It appears the Arts & Culture centre is a shell for installations so assume all implementation costs are to be carried by the artists and/ or arts organization...is there an accompanying operational budget for this space in terms of management and facilities support for groups usage e.g. lighting, sound, events manager etc? Is there going to be a stage, sprung floor for dance etc? These could be a huge barrier to ongoing usage if not supplied to those wanting touse in the future...happy to discuss in more detail
