Comment received: The Golborne Forum supports this application in principle. The Forum recognises that there are some members who would like to understand better how The Trust will finance the project whilst still meeting its social and community responsibilities to members of the community affected by the original construction of the M40 - Westway flyover.

The Forum also recognises that there continues to be future opportunities to have input into what roles the developed space can have to ensure that this includes benefits to the community as in the role of and commitments from The Westway Trust. The Forum is also supportive of the development of affordable housing in the plan.
