**Comment received:** For us at Norfolk new this news of such plans is a full blown nightmare I talk for half the members at Norfolk new who see the flats as blocking out our only light. The access and egress to our property will be impossible along with parking to our garages. I believe the plans are not to benefit us as stated in westway website but to help line someone's pockets. We the Resident at Norfolk new have suffered enough with westward plans and projects. I have lived here for 21years and it's a daily struggle. At the weekend we have nothing but issues and loud music till 12 at night. We have the problems at carnival and Security we really do not deserve to be out though further two years of building and noise. I can't thinking nothing worse than looking outbid my living window at a block of flats that will create more noise and problem/issue from Resident. These plans are horrendous and not beneficial to us. If these homes are developed we will have so much noise and dustruption during the building and once Residents and shoos move in and our service charge and prices will rise.
