

PLANNING APPLICATION PUBLIC COMMENT

Application number: PP/17/07888
Site Address: 132B Fulham Road, LONDON, SW3 6HX
Proposal: Demolition of dwelling house and erection of a two storey 2-bedroom detached house with subterranean development

Comment received: I am lost for words, why on earth should anyone get permission to demolish a perfectly good dwelling that was deemed acceptable only 30 years ago, except to make a massive profit? The application as ever seeks to rubbish the existing structure and minimise the massive social & ecological costs. The disruption on the Fulham Rd, the environmental damage and the impact on the immediate 19thC houses has been swept aside, and I object most strongly to the erection of a dull building of no architectural merit (which doubtless will be demolished itself in 30 years by the next developer)
