

PLANNING APPLICATION PUBLIC COMMENT

Application number: PP/17/07888
Site Address: 132B Fulham Road, LONDON, SW3 6HX
Proposal: Demolition of dwelling house and erection of a two storey 2-bedroom detached house with subterranean development

Comment received: Dear Mr Stallwood

I object to this application and support the objections of local residents including Prof J Kroll.

In my view it is an inappropriate design in a listed terrace. The deep basement excavation is likely to create unbearable noise to next door neighbours, will damage the underground natural water flows and will destabilise party walls. Traffic will be disrupted and this may cause the loss of life because of delay to ambulances caused by traffic jams which build up as a result of lorries and skips which are required for the excavation.

Best wishes

Sir Anthony Coates,
