Comment received: I am writing with regards to the Heythrop College, 22-24 Kensington Square, London W8 5HH renovation project reference number PP//18/05313. I manage OKG W8 5AU a Residence with 97 apartments all along the Victoria Road W8 5AU and the Residence will be significantly impacted by this project as Victoria Road will be an intrinsic part of the traffic management plan. This project will not only impact negatively in terms of noise and pollution of the lorries carrying the building materials and debris to and from the site but also the sole entrance to the Residence car park is located on Victoria Road and the traffic congestion will no doubt cause many issues least of all access. We appreciate that works need to be done but the project is expected to last 5 years and the construction lorries daily for that length of time will impact our Residents with accessing the car park.
