Comment received: As residents on stanford Road - a family with two young children - I am writing to voice my family's strong objection to this project. Not only does it go against council planning policy to support social and community uses, it will material deteriorate the neighbourhood throughout the long construction process and on an ongoing basis by encouraging "buy to leave empty" residency, with potential to negatively impact the local businesses. Please consider the residents and the impact this project would have on the strong local character of the neighbourhood and do not approve this project.
Thank you
