As a resident in ^{7A} Albert place W8 5PD
Since the late 1950's, I am extremely
disturbed at the dreadfully insensitive
proposals for the new buildings program

Over the last few years Albert place has been
almost totally rebuilt and I have had to
suffer very noisy drillings - dust particles most
of the time that have affected my breathing
& cough - I have had to keep my windows
closed and taped up facing the cul-de-sac.

There will be many of the following negative items
Perpetual traffic of lorries & workers using
Victoria Road to get access to the building site.
Traffic jams - noise - smell - health vulnerable with
so much air pollution which will be distributed
through this zone.

The idea that this housing is for foreign investors'
finances rather actual use is grotesque.

I am totally against the project and its hidden
monetary intentions
