

PLANNING APPLICATION PUBLIC COMMENT

Application number: PP/20/04812
Site Address: 19 Mallord Street, LONDON, SW3 6AP
Proposal: Change of use of basement, ground and three upper storeys from former telephone exchange (Sui Generis) to new health and fitness club; creation of small single storey rear extension at basement level; excavation for a swimming pool at basement level; alterations to entrances and external paving; and other works and improvements to building.

Comment received: Dear Mr Woodhead/Dear Planning Officer,

I live at 26 Paultons Square Chelsea SW3 5AP. I would like to object to this application.

We are concerned about the significant increase in noise and the commensurate negative impact on local quality of life due to the new increased flow of people and traffic. As well we are concerned that the increase of people coming into the area from other parts of the borough will exacerbate an already difficult residents parking situation in the immediate area.

We would hope and expect the RBKC Planning Committee to investigate all of these concerns and take the necessary actions to insure that they are mitigated.

Thank you for your consideration.
