**Comment received:** I whole heartedly support this development. This is a high quality, architectural sympathetic design which has been proposed. This will open up and activate the frontage opposite Acklam Village; which in my opinion is sorely needed. They have obviously consulted thoroughly in the local community and this can be seen in affordable office space proposed. This end of Portobello Road needs a key anchor development like this, to bring up the food and bar offerings on this stretch of the road. I have no doubt that the offerings will be in keeping with the areas unique spirit and ethos.
