

## **PLANNING APPLICATION PUBLIC COMMENT**

Application number: PP/20/04812  
Site Address: 19 Mallord Street, LONDON, SW3 6AP  
Proposal: Change of use of basement, ground and three upper storeys from former telephone exchange (Sui Generis) to new health and fitness club; creation of small single storey rear extension at basement level; excavation for a swimming pool at basement level; alterations to entrances and external paving; and other works and improvements to building.

**Comment received:** I support the proposal which I believe would be a welcome addition to local residents.

I have one suggestion which is that during the construction process Mallord Street is made one way. I suggested these some years ago prior to this proposal. Transport thought it in-necessary but it is a street that only allows one file of traffic with very few passing places.

If one way traffic during the construction process was regarded as a success, locals could be canvassed as to whether they thought the change should be made permanent.
