Habits of Rabbits

Learn more about how rabbits communicate with each other. Observe your own pet rabbit if you are lucky enough to have one or try communicate with your friends and family as a rabbit. You can also play a version of Simon says with these actions and sounds. Can you tell how each other are feeling without words?

This rabbit is:

- **HAPPY**- soft grinding of the teeth
- **ANGRY** - muttering and lunging
- **LOOKING AT SOMETHING FAR AWAY** – bobbing of the head, ears pricked
- **FRIGHTENED** – Squealing!
- **EXCITED** - running around in circles
- **HAVING FUN** – blinking, jumping and twisting

Can you invent some new ways of communicating as rabbits? How else can you talk without words?
