

Housing Allocation Scheme Quotas 2026/27

A quota is a share of something. In this case, it is a share of the total number of Council and housing association homes that become available each year that we let to households on our Housing Register.

Each year, we will set and publish quotas, or 'targets', for the number of available homes that we will try to let to different types of housing priority on our Housing Register. We will also publish figures on our actual lets to the different types of housing need, so you can compare our lettings to our quotas.

Because we will not know at the beginning of the year how many Council and housing association homes will become available, we will usually set the quotas as percentages (%) of the total lets. We hope that, by publishing our quotas and our lettings, residents will have a clearer view of who we are trying to rehouse. You will find our 2026/2027 quotas below.

Type of housing need	Quota			
Homelessness and choosing the private rented sector - Main homeless duty points - Choosing PRS points - Homelessness points	60%			
Downsizing to a smaller home and moving from an accessible home - Under occupation downsizing points - Accessible home hand back points	10%			
Overcrowded by at least two bedrooms in current home Overcrowding points	5%			
Moving for health reasons Health and independence points	8%			
Special rehousing pathways	12%	Specific quota (within the 12%)		
		Independent living points	Care leavers	35%
			Adults: learning disabilities or autism	10%
			Mother-and-baby supported housing units	13%
			Other supported housing	36%
		Helping adoption and fostering points	Adopting and fostering	6%
% of all lettings	95%	5% reserved for other housing need categories
