

Your names:

Interdependence and pollination activity sheet

Task 1

In pairs, try and find as many of the following as you can:

- bumblebee butterfly pollen oak tree fruit
 common fly flowering plant human ant

Task 2

Keep a tally of how many different pollinators you find here:

Task 3

Create a diagram below showing how these elements are interdependent on each other. You can add other elements yourself:

Challenge

Look around your school grounds. How could it be redesigned to encourage more pollinators like bees and butterflies?
