

Nature at home

Experience the magic of
Forest School from home!

Magic Wands

Make a wand and cast your
magical spells.

Suitable for nursery to KS1 children

Find a suitable stick - not too long and not too thick. About as long as your forearm and as thick as your thumb is perfect. If you find one too long, see if you can snap it!

Collect some items such as leaves, petals and feathers on your walk outdoors. What magical spell could each item do?

Twist and tie your items around the top of your stick with your wool or pipe cleaner.

Now you are ready to cast your spells...

Kit List

- A stick
- Wool, pipe cleaners or string
- Natural objects like leaves or feathers
- A magic word or chant like "Abracadabra" or "Izzy wizzy let's get busy"
