

## **The Royal Borough of Kensington and Chelsea Library Service Solicitations Policy**

Stock selection for our libraries is managed by our contracted library supplier, Askews & Holts Library Services Ltd, based on clearly defined selection criteria.

Please follow the link below for information about how to add a title to the Askews & Holts web based catalogue.

Once the item has been added to the Askews & Holts catalogue, their selectors will assess to see if it meets our selection criteria and order accordingly.

**Please note: We do not purchase items for stock in response to direct solicitations from authors or publishers and will not engage in discussion about any solicitations received.**
