

Education, Training and Employment Directory

First edition 2008

For drug users and ex-users

THE ROYAL BOROUGH OF
KENSINGTON
AND CHELSEA

Learning is lifelong

This Education, Training and Employment (ETE) directory is for people who use the Royal Borough of Kensington and Chelsea's substance use services and would like to move into education, training or employment. However, the directory can also be a useful resource for ETE coordinators and practitioners.

It will help you find out about education, training and employment opportunities as part of your aftercare programme. Developing your skills can help you to unlock your potential and to find a new direction in your life.

The directory mainly focuses on local organisations in Kensington and Chelsea; however other key organisations have also been included.

You can contact any of the services directly, or contact the Kensington and Chelsea ETE team (see page 11).

For advice about the costs associated with education and training, please contact Campden Charities (see page 39).

If you have any comments or recommendations for future editions of this directory please contact:

daatteam@rbkc.gov.uk or l.start@blenheimcdp.org.uk

Contents

- Section One:** **6**
Education and Training
Information about courses, training and education to gain skills and qualifications, including courses where you will learn more general skills to help you to build your confidence.
