Dear Sirs,

Planning Application - Flat 5, 34 Gordon Place, W8

I understand that a planning application has been submitted in respect of this property, which is situated partly above the District and Circle Line tunnel. Cover above the tunnel is very shallow at this point and the railway could therefore be adversely affected by the proposed development. I shall be glad if you will ask the applicant to submit her plans to this office without delay so that such conditions as may be required to safeguard the railway can be discussed. It is possible that London Underground Ltd will wish to make formal observations when I have seen the applicant's proposals.

Yours faithfully,

R T E Box

DESCRIPTION OF PROPOSED DEVELOPMENT

Replacement of existing fenestration and dormer windows at front of property and introduction of a new rooflight.

RECOMMENDED DECISION Grant planning permission

RBK&C drawing(s) No. PP/01/01430 and PP/01/01430/A Applicant's drawing(s) No.006/001, and letter received from Cara Kiewel outlining details of the bathroom skylight, dated 3rd August 2001.

Number of Objections - 0

I hereby determine and grant/refuse this application (subject to HBMC Direction/Historic Building authorisation) under the powers delegated to me by the Council, subject to the condition(s) indicated below imposed for the reason(s) appearing thereunder, or for the reasons stated.

Exec. Director, Planning and Conservation	Head of Development Control	Area Planning Officer
<i>[Signature]</i>		<i>[Signature]</i>

CONDITIONS AND REASONS FOR THEIR IMPOSITION

1. **The development hereby permitted shall be begun before the expiration of five years from the date of this permission. (C001)**
Reason - As required by Section 91 of the Town and Country Planning Act 1990, to avoid the accumulation of unexercised Planning Permissions. (R001)

2. **The development hereby permitted shall be carried out exactly and only in accordance with the drawings and other particulars forming part of the permission and there shall be no variation therefrom without the prior written approval of the Local Planning Authority. (C068)**
Reason - The details are considered to be material to the acceptability of the proposals, and for safeguarding the amenity of the area. (R068)

3. **The windows shall be timber framed, sliding sashes with lead cladding, and so maintained. (C075)**
Reason - To preserve and enhance the character and appearance of the Conservation Area. (R072)

4. **All work and work of making good shall be finished to match the existing original work in respect of material, colour, texture, and profile and, in the case of brickwork, facebond and pointing unless otherwise approved by the Executive Director, Planning and Conservation in writing. (C071)**
Reason - To preserve and enhance the character and appearance of the Conservation Area. (R072)

INFORMATIVES

1. I21

2. I09

3. I11

4. You are advised that a number of relevant policies of the Unitary Development Plan were used in the determination of this case, in particular, Policies CD25, CD44, CD48, CD49, CD52, and CD53 (I51)

1.0 Planning Considerations

- 1.1 The main considerations in this case relate to the detailed design of the proposed dormer windows and of the new rooflight proposed and their impact on the character and appearance of the Conservation Area. Any implications for existing levels of amenity enjoyed by the occupants of nearby property must also be considered.
- 1.2 The relevant planning Policies are contained in the "Conservation and Design" Chapter of the UDP. Policies CD25, CD44, CD48, CD49, CD52, and CD53 are of particular relevance to this application.
- 1.3 The works which are proposed for this property, are the replacement of the dormer windows in the existing mansard roof, to the front of the property. The dormers will be replaced with new painted timber sash windows which are to be lead lined. A new skylight for the bathroom is also proposed, which will project 190mm above the line of the roof. The sky light is not intended to be used for access to the roof, as the flat currently has access through an existing roof hatch.
- 1.4 It is considered that the above works will not be detrimental to the character and appearance of the surrounding conservation area, and will improve the appearance of the building.
- 1.5 Observations of the Conservation and Design Officer are appended.

2.0 Public Consultation

- 2.1 Twenty two letters of notification were sent to properties in Gordon Place, and no objections have been received.

Dear Nicola

The following details for the "skylight to the bathroom" supersede those in the architectural drawings for proposed alterations for 34 Gordon Place, Flat 5 submitted in June 2001. This Plateau 600 skylight is not intended for roof access and is AA rated.

Co-ord. <u>Width</u> x <u>Length</u>	642 x 642
Overall unit Width x Length	950 x 950
Overall unit height	192
Clear viewing area (excl.gbs)	557 x 557
All-up weight	47
Casement component weight	20
Base unit component weight	27
Ventilation area (300 winder)	0.203

Please let me know if you require any further details in order to grant consent. The seals on the existing front windows have now degraded such that they leak considerably in heavy rain, causing damage to the wall and floor. I am keen to proceed with replacing them (as proposed in my planning application) as soon as possible.

RBKC District Plan Observations CONSERVATION AND DESIGN

Address Flat 5, 34 Gordon Place, W8	Appl. No. PP/01/01430	L.B. W0	C.A. 6	N C S
Description Replacement of windows - front windows + rooflight	Code	AS		

The replacement of the modern windows with two traditionally detailed domes windows is a welcome improvement to the appearance of the building.

Condition - to be lead clad
- timber sliding sash windows.

Rooflight

A small rooflight may be acceptable here - provided it is not for access to use roof as a terrace leading to additional clutter on the roof.

The materials + high upstand of the rooflight is not welcome - ~~however~~ there are companies that produce a more flush conservation style rooflight - I can advise.

HH 6/7/11

Revised detail of conservation type rooflight with flat top as opposed to the polycarbonate dome - is more acceptable here

Planning Information Office

Dear Sir/Madam,

TOWN AND COUNTRY PLANNING ACT 1990

Proposed development at: Flat 5, 34 Gordon Place, London, W8 4JE

Brief details of the proposed development are set out below. Members of the public may inspect copies of the application, the plans and any other documents submitted with it. The Council's Planning Services Committee, in considering the proposal, welcomes comments either for or against the scheme. Anyone who wishes to make representations about the application should write to the Council at the above address **within 21 days** of the date of this letter. Unfortunately, the Council does not have the resources to advise objectors of the Committee date, and you should telephone for further information.

Proposal for which permission is sought

Executive Director, Planning and Conservation

WHAT MATTERS CAN BE TAKEN INTO ACCOUNT

When dealing with a planning application the Council has to consider the policies of the Borough Plan, known as the Unitary Development Plan, and any other material considerations. The most common of these include (not necessarily in order of importance):

- The scale and appearance of the proposal and impact upon the surrounding area or adjoining neighbours;
- Effect upon the character or appearance of a Conservation Area;
- Effect upon the special historic interest of a Listed Building, or its setting;
- Effect upon traffic, access, and parking;
- Amenity issues such as loss of Sunlight or daylight, Overlooking and loss of privacy, Noise and disturbance resulting from a use, Hours of operation.

WHAT MATTERS CANNOT BE TAKEN INTO ACCOUNT

Often people may wish to object on grounds that, unfortunately, **cannot** be taken into account because they are not controlled by Planning Legislation. These include (again not in any order of importance):

- Loss of property value;
- Private issues between neighbours such as land covenants, party walls, land and boundary disputes, damage to property;
- Problems associated with construction such as noise, dust, or vehicles (If you experience these problems Environmental Services have some control and you should contact them direct);
- Smells (Also covered by Environmental Services);
- Competition between firms;
- Structural and fire precaution concerns; (These are Building Control matters).

WHAT HAPPENS TO YOUR LETTER

Planning applications where objections have been received are presented to the Planning Services Committee which is made up of elected Ward Councillors. Planning Officers write a report to the Committee with a recommendation as to whether the application should be granted or refused. Letters received are summarised in the report, and copies can be seen by Councillors and members of the public including the applicant. The Councillors make the decisions and are not bound by the Planning Officer's recommendation. All meetings of the Committee are open to the public.

If you would like further information, about the application itself or when it is likely to be decided, please contact the Planning Department on the telephone number overleaf.

WHERE TO SEE THE PLANS

Details of the application can be seen at the Planning Information Office, 3rd floor, Town Hall, Hornton Street W.8. It is open from 9am to 4.45pm Mondays to Thursdays (4pm Fridays). A Planning Officer will always be there to assist you.

In addition, copies of applications in the Chelsea Area (SW1, SW3, SW10) can be seen at The Reference Library, Chelsea Old Town Hall, Kings Road SW3 (020 7361 4158), for the Central Area (W8, W14, SW5, SW7) can be viewed in the Central Library, Town Hall, Hornton Street, W.8. and applications for districts W10, W11 and W2 in the North of the Borough can be seen at The Information Centre, North Kensington Library, 108 Ladbroke Grove, London W11 (under the Westway near Ladbroke Grove Station 020 7727-6583). Please telephone to check the opening times of these offices.

If you are a registered disabled person, it may be possible for an Officer to come to your home with the plans. Please contact the Planning Department and ask to speak to the Case Officer for the application.
