Dear Alan Patterson, ^{CT} 3/4/2001

Application for Conservation Area Consent at 26 Lansdowne Road W11

Further to our telephone conversation today, my client is withdrawing the previous application for this site.

I now enclose as discussed, Orgs 178/51 and 178/52, 1 copy for consultation, prior to submission after you have examined it. There should be ^{new} stairs case up to the upper flats, entered behind (north) of the existing study and the 'gap' not encroached on.

I also enclose 3 options Orgs 178/61, 62, 63 for replacement for the garage, on 2 floors, as a dwelling, one at ^{existing} ground level, and one at lower ground.

Please let me know what you think, and what might be acceptable, as soon as possible. Preference is for Org 178/62, 63. Please telephone.

We will want to retain the original fee, and hold over for the next application.

Yours sincerely Peter Eley.
