1.0 Planning Considerations

- 1.1 Control of Advertisement consent is sought to replace three existing ultravision units with one ultravision unit to the north side of the main Warwick Road entrance.
- 1.2 The main consideration in connection with this proposal is the impact of the proposed ultravision unit on visual amenity and public safety.
- 1.3 The most relevant planning policy is Policy CD68 of the adopted Unitary Development Plan.
- 1.4 Control of Advertisement consent was granted on 8th September 1995 for the display of three ultravision hoardings on the Warwick Road forecourt.
- 1.5 It is proposed to replace the three existing illuminated ultravision units each measuring 3.5m high and 6.4m wide with one illuminated ultravision unit measuring 3.5m high and 21.4m wide. The height therefore would be the same as the existing units although the width would be increased by 2.2m.
- 1.6 The proposed ultravision unit is considered to be acceptable given its location within the grounds of the Exhibition Centre and that it is angled slightly away from the Warwick Road.
- 1.7 The proposed unit is not considered to cause harm to either visual amenity or public safety and is therefore recommended favourably.

2.0 Public Consultation

- 2.1 No objections have been received.
