FOR THE ATTENTION OF J WADE ESQ

FPDSavills International

Dear Sir

PETER JONES DEPARTMENT STORE, SLOANE SQUARE, LONDON SW1

I would refer to the planning permission (ref. TP/98/1098/F) and listed building consent (ref. TP/98/1099/Z) dated 27 October 1999 and the meeting with Jonathan Wade, Hilary Bell and David Stabb (English Heritage) on 24 February 2000.

At this meeting it was explained that between the date when the Committee resolved to approve the proposals viz February 1999 and December 1999 design development had evolved to culminate in the production of a revised set of drawings. Having illustrated all changes between the approved and the revised set (a bubbled set of drawings highlighting the changes being left with you), you agreed that if the revised drawings were to be formally submitted inviting your opinion as to whether or not they could be regarded as non material amendments, you would be able to confirm that they could be so regarded and that further planning permission and listed building consent would not be required to implement the revised drawings.

This letter encloses two sets of such drawings as follows:

A. Amendments to Scheme benefiting from Planning Permission (ref. TP/98/1098F)

In respect of each set of amendments, I also enclose, for illustrative purposes, an isometric drawing IL – 102 Revision 3 and revised schedules A & B being respectively a recital of all drawings (i.e. including those enclosed) to be considered as part of the planning permission (ref. TP/98/1098/F) dated 27 October 1999 and as part of the listed building consent (ref. TP/98/1099/Z) dated 27 October 1999.

I await your written confirmation in respect of the above.

Dear Jonathan,
I have checked through these revisions - but am concerned that there is no notation on any drawings, you explain the changes made. We need a brief description - in a letter or as a supporting document - but at least we will be endorsing the alterations proposed - otherwise making a guess! Thanks,
Hilary
