Dear Mr. French,

Re: Construction at 3 Thomas Place, Kensington Green

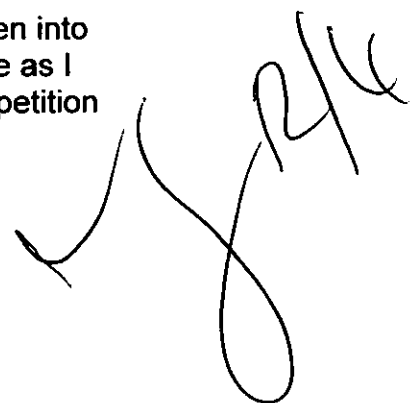

I refer to your letter of 22nd February regarding the above construction in which you state that plans were carefully considered in regard to the effect on its appearance to the surrounding area. Please take a look at the photographs I am enclosing and tell me how this structure has a beneficial effect on their neighbours either side and in front! If this is the standard for current and future development within the Borough of Kensington and Chelsea I am astonished.

In your letter you also assured me that any planning objection is taken into account – I regret that I just cannot believe this to be true in this case as I know you have had many objections from neighbours and indeed a petition from residents of the Kensington Green estate.

Yours sincerely,

Jane Slade Magnin
