Dear Mrs Jones

TP951972

**NATURAL HISTORY MUSEUM - FIRE PRECAUTION PROJECT
TOWN & COUNTRY PLANNING ACT
18/84 PLANNING NOTIFICATION**

With reference to previous letters addressed to you from Lawrence Webster Forrest, and our meetings at the NHM and your office, please find enclosed a set of drawings showing proposed new stairs, for your use.

There are five stairs in total, two of which are under the colonnade adjacent to the existing Entomology Building. The remaining three are proposed for the Earth Gallery, the details of which were explained to you at our meetings. Please note that due to the large number of visitors anticipated by the Exhibition Team, the stair widths have increased from that shown on LWF's document issued previously. The increase in stair widths has also resulted in the increase in existing window/door openings. We have tried to maintain the existing proportions whenever possible so that the overall feel of the space is not disturbed.

The windows to the north elevation are to be reglazed to one hour fire resistance in the vicinity of the new external stair, with a new window to match existing in one of the openings created by the removal of the ground floor extension. The other opening is to have a louvre/door panel infill. The exit doors to principal floor level are to a specialist detail, in a style to match the window section as closely as possible. The head section of the door will be a blank panel to accommodate the lintel and the junction of the stair roof with the building.

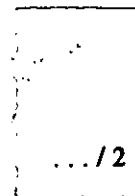

PROPOSAL.

Page 2

The south elevation windows are to be upgraded in the area of the stair construction, with new louvre panels at basement level, and fire resisting three-leaf doors at other levels. These are all to be to specialist detail suitable for the window section above. The window at second floor level is to be replaced above the enlarged door opening. The section of mansard glazing and low level wall at third floor level is to be removed to create an opening within the stair enclosure.

The drawings enclosed are as listed on the attached drawing issue sheet.

Please let us know if you have any queries or require further information to assist you during the consultation period.

Yours sincerely

per pro James S Griffith

Planning Information Office

DPS/DCC/LAWJ/TP/95/1972**THIS LETTER INVITES YOU TO COMMENT ON A PLANNING APPLICATION /
LISTED BUILDING APPLICATION WHICH MAY AFFECT YOUR PROPERTY**

Dear Sir/Madam,

The Council has received a planning application for development at a property which is close to yours. The address of that property is set out below, together with brief details of the development for which permission is sought. The Council's Planning Applications Committee, in considering the proposal, will welcome comments, for or against the scheme from those who live in or own property nearby. I should therefore be pleased to know, in writing, if you as the occupier/owner of neighbouring property have any comments.

Address of application property**NATURAL HISTORY MUSEUM, CROMWELL ROAD,
S.W.7****Proposal for which permission is sought****Fire precaution works including provision of external
stairs, windows and doors.
(CIRCULAR 18/84 APPLICATION)****NOTE: YOU ARE NOW ASKED TO RESPOND WITHIN 21 DAYS , NOT 14 DAYS AS
STATED OVERLEAF.**

Further details are printed overleaf.

Yours Sincerely,

M.J. FRENCH

Executive Director, Planning and Conservation

TOWN AND COUNTRY PLANNING ACTS, 1990

The Council is required by the Secretary of State for the Environment to consider all planning applications expeditiously. Any letter of support or objection should be received as soon as possible within 14 days of the date of this letter, although later objections, if received in time, will be reported to the Council Committee meeting which decides the application. An early response gives the Council's Officers the opportunity to encourage applicants to amend their plans in the light of objections received, and the application may therefore be amended before it is decided. If you cannot formulate your detailed objections within 14 days you should acknowledge this letter so that your interest can be noted.

The reasons for any objection should be clearly stated.

Objections relating to party walls and inconveniences which may be caused by building operations should however be taken up, either by yourself or your professional representative, with the applicant.

All correspondence received will be available to members of the determining Committee when the application is considered.

It must be clearly understood that any comments you may choose to make will be made available to the applicant, his agent and any other interested party, pursuant to the requirements of the Local Government (Access to Information) Act, 1985.

Should there be any tenants in the buildings of other persons likely to be affected by this application, would you please be good enough to bring this letter to their attention.

If you are not the owner of the property to which this notice is addressed will you kindly forward this letter to the owner.

WHERE TO EXAMINE THE PLANS

The plans and/or application details referring to this proposal may be inspected at the Planning Information Office on the 3rd floor at the Town Hall, Hornton Street, W8 7NX, between the hours of 9.00 a.m. and 4.45 p.m., Mondays to Thursdays and 9.00am to 4.15pm Fridays.

Alternatively, copies of all planning applications relating to:

- (a) the Chelsea area can be examined at the Information Office, Chelsea Old Town Hall, King's Road, SW3. Tel. 071-352 1856.
- (b) the postal areas W10, W11, or W2 can be examined at the Borough Council's Advisory Service Office, The Information and Aid Centre, Ladbroke Grove, W10 (under Westway, opposite Ladbroke Grove tube station.) Tel. 081-969 2433

Please telephone the Chelsea and Westway offices to check opening times.

Please quote the T.P. reference number on all written replies.

Please note: In the interest of economy, letters in agreement or without objections to the proposals will not be acknowledged.

Dear Sirs

**NATURAL HISTORY MUSEUM; FIRE PRECAUTIONS
CIRC. 18/84 PLANNING NOTIFICATION**

Please find enclosed three copies of the existing photographs as requested, showing principal elevations and areas of work.

We also enclose four sets of the revised drawings which have been updated to clarify the areas of work. Please consider this as a substitution for those already in your possession. We apologise for the delay in replying to your request, which has been due to staff illness.

Yours faithfully
