Dear Sir/Madam,

TOWN AND COUNTRY PLANNING ACT 1990

Clarendon Walk, Talbot House, Camelford Court, Grenfell Tower, Lancaster West Estate W11

1SQ

I note that you have submitted a Building Notice/ Prior Approval application to this Council's Building Control Department. In order to ensure that you are in full compliance with planning regulations, which are separate from Building Regulations, I should be grateful if you would contact the Planning Team named above to discuss your project and whether planning permission, and/or if necessary listed building consent is required.

If you have already obtained these permissions or written confirmation that planning permission and/or listed building consent is not required please disregard this letter. If you are implementing a permission, you are advised to check that all conditions requiring the submission of and approval of details before work commences on site have been complied with and confirmation has been received in writing from this Authority. Failure to comply with these conditions may mean that your permission is no longer valid and your development will be unlawful.

If you have any concerns regarding the implementation of any permission or require advice about compliance with conditions, please do not hesitate to contact us.

Yours faithfully,

David Prout
Executive Director,
