Dear Sir/Madam,

RE : DPS/DCC/PP/00/00019/KO

I have inspected the latest plans for the proposed development to 9a Aubrey Road, W8.

As I have already indicated to the council with previous correspondence relating to the earlier proposals, the creation of a terrace or French doors to the rear of this property is unacceptable on the grounds of privacy.

I would also like to remind the council that the previous owners of this property attempted to seek permission for a similar scheme some time ago. This proposal was later amended to allow only sash windows to the rear of the property thus eliminating the terrace and doors.

Would you therefore please record my objection to the current proposal.

Yours sincerely,

K. C. Meller.
