

Local Implementation Plan

The Mayor of London published his Transport Strategy (MTS) in March 2018 and asked all London boroughs to produce Local Implementation Plans (LIPs) to show how they will support the strategy locally.

- [view the Mayor of London's Transport Strategy \(MTS\)](#) [1] (external website)

Our third LIP, which the Mayor of London approved in April 2019, sets out how we intend to implement the Mayor's Transport Strategy, as well as our other local transport-related priorities.

We prepared our LIP in line with LIP Guidance from Transport for London who assessed all LIPs on behalf of the Mayor of London.

We consulted widely on our LIP between November 2018 and January 2019. We received over 200 comments from over 30 organisations and individuals.

Read the [consultation report](#) [3] which summarises the comments we received and our responses.
