Playground Improvements in Westfield Park

Between September and November 2019 both playgrounds will undergo improvements. The redesign for the playgrounds is based on the results of the public consultation and includes new equipment, new surfacing and a

new table tennis table which will be installed outside of the playground for children and adults to enjoy.

Unfortunately, the works will require the closure of both playgrounds during this time. However, we hope the new and exciting playgrounds, which will open in November, will make up for any inconvenience this will cause.
