Street Naming and Numbering Application Form

This application form should be completed using the guidance notes provided. All applications require a signed letter from the freeholder confirming that you are acting with their consent. Failure to provide this will invalidate the application. All applications must be accompanied by an up to date site plan with annotated street entrance points. The attached Applicant details and Declaration form must also be completed and submitted with the application.

Types of application.

Verification Order (VO) - A Verification Order confirms the internal numbering and floor levels of separate units within a building. This may include the verification of residential flats/units and/or commercial units. This also includes the verification of a company/organisation at an official address. The process involves updating Council records, the Royal Mail (PAF) database and Emergency Services with the same address information. In addition, amenity and other private companies draw their data from the Royal Mail’s PAF database.

Decision Order (DO) - A Decision Order is a legal instrument used to create or amend an official street name, building name, or the street numbering of a building.

Combined Decision Order and Verification Order (DOVO) - A combined order that contains a Decision Order and Verification Order as defined above.

Publication of applications on the RBKC planning website

Please note that the information provided on this application form and in supporting documents may be published on the RBKC website. If you require any further clarification, please contact the planning department.
1. Current address, SNN requirements.

Please give details of the current address or a description of the properties/land to be named/numbered. Also include any details that may be relevant to your application.

If your Street Name & Numbering application relates to a Planning Application permission or decision, please quote the applicable Planning application number below:

________________________ / ______ / ______________________
2. Type of application

2. (a) Verification Order
Please use this section when applying to verify the units within an existing street address. Flat or unit descriptions should be alphabetical or numerical and in sequential order and must denote the floor level and be numbered from the bottom to the top of the building. e.g. Flat A (Ground Floor), Flat B (1st Floor). If more than one Flat or Unit is located on the same floor, they must be numbered in a clockwise direction. Please include the description and floor level for all of the flats/units within the building.

1. Naming and Numbering Policy Guidance

1.1
Any naming or renaming submissions that may be considered as advertising will be refused. Applicants should apply for a Control of Advert Consent instead.

1.2
Consultations on applications will commence on the day of receipt of valid applications. The consultation period is four weeks.

1.3
Any application that is linked to a development or redevelopment must include the relevant Town Planning application reference number. Any suggested naming or renaming should reflect the type of development or redevelopment undertaken.

1.4
Postcode and Post town allocation is the responsibility of Royal Mail. They will allocate a postcode on receipt of the official naming and numbering scheme.

1.5
The Local Authority is not liable for any claims for compensation arising directly or indirectly from the naming of streets or the naming or numbering of buildings.
2. Street Naming/Renaming Conventions

2.1
New street names shall not duplicate any name already in use in the Borough or adjoining Boroughs.

2.2
A variation in the terminal word, e.g., “street”, “road”, “avenue”, etc., will not be accepted as sufficient reason to duplicate a name.

2.3
Street names with phonetically similar names must be avoided.

2.4
Street names that may be considered or construed as offensive or which may contravene any aspect of the council’s equal opportunities policies will not be acceptable.

2.5
No street shall be named after any living person.

2.6
No street name shall commence with the word “The”.

2.7
No punctuation should be included, including apostrophes.

2.8
Street names must not be difficult to pronounce or awkward to spell.

2.9
Words of more than three syllables and the use of more than two words, must be avoided.

2.10
Subsidiary names, such as a row of buildings within an already named road being called “…. Terrace”, can only be used in roads of short length.
2.11

The use of North, East, South or West as the terminal word in a street name must not be used where the road is in two separate parts with no vehicular access between the two.

2.12

All new street names should end with one of the following suffixes:

- Avenue (for residential roads)
- Circus (for a large roundabout)
- Close (for a cul-de sac only)
- Crescent (for a crescent shaped road)
- Drive (for residential roads)
- Gardens (subject to there being no confusion with any local open space)
- Grove (for residential roads)
- Hill (for a hillside road only)
- Lane (for residential roads)
- Mews (provided it does not repeat the name of the road from which access is gained)
- Place (subject to there being no confusion with any local open space)
- Road (for any thoroughfare)
- Square (for a square only)
- Street (for any thoroughfare)
- Way (for major roads)

2.13

The following suffixes can only be used in exceptional circumstances:

- Rise (for residential roads)
- Row (for residential roads)
- Vale (for residential roads)
- Wharf (for residential roads)

2.14

The following suffixes must not be used but can be incorporated in a street name provided it terminates with an appropriate suffix described at 2.12 or 2.13 above:

- Common
- Cross
- Meadow
- Path
- View
- Court
- End
- Park
- Side
- Walk

2.15

All new pedestrian ways must end with one of the following suffixes:

- Path
- Walk
- Way
2.16

New street names should demonstrate a local or historic significance.

2.17

Large developments should adopt a common theme for the new streets within them.

2.18

Streets named after members of the Royal Family will require approval from the appropriate authorities.
3. Building Naming/Renaming Conventions

3.1
New building names shall not duplicate the name of any other building or road within the Borough.

3.2
Building names with phonetically similar names must be avoided.

3.3
Building names that may be considered or construed as offensive or which may contravene any aspect of the council’s equal opportunities policies will not be acceptable.

3.4
No building shall be named after any living person.

3.5
No building name shall commence with the word “The”.

3.6
No punctuation should be included, including apostrophes.

3.7
Building names must not be difficult to pronounce or awkward to spell.

3.8
Words of more than three syllables and the use of more than two words, must be avoided.

3.9
New building names should demonstrate a local or historic significance.

3.10
Buildings named after members of the Royal Family will require approval from the appropriate authorities.
3.11

All new building names should end with one of the following suffixes:

- Apartments (residential only)
- Court (residential only)
- House (residential only)
- Lodge (residential only)
- Mansions (residential only)
- Studios (residential only)
- Villas (residential only)
- Heights (high block - six stories and higher)
- Point (high block - six stories and higher)
- Tower (high block - six stories and higher)
4. Building Numbering/Renumbering Conventions

4.1
Buildings within a new street must be numbered with even numbers on one side and odd numbers on the other except that, for a cul-de-sac, consecutive numbering in a clockwise direction is preferred.

4.2
Private garages and similar buildings used for housing cars, etc., must not be numbered.

4.3
No sanction will be given to the avoidance of numbers, i.e., 13, 7, 4 etc., and a proper sequence must be maintained.

4.4
Buildings (including those on corner sites) must be numbered according to the street in which the main entrance and access point is located.

4.5
If a building has entrances in more than one street but is a multi-occupied building, and each entrance and access point leads to a separately occupied unit, then each entrance and access point must be numbered in the appropriate road.

4.6
A named building must not have more than one number in one street.

4.7
When a development takes place, on the site of a former large and numbered property in a street, and comprises a number of smaller houses, each new house can be given the number of the former house with either A, B, C etc., added.
5. Internal Numbering Verification Orders

5.1

Any building that contains separately rated units should be numbered internally from bottom to top following a logical sequence e.g., 1, 2, 3 or A, B, C. Where there are more than 1 unit on each floor of the building, the numbering should continue clockwise on each floor.

5.2

If a building contains separately rated units on each floor, the floor level must be provided for each unit. Floor plans detailing floor levels and unit positions should be submitted along with all applications.
6. Contact Details
