Dear Sir,

I have already submitted one letter to my Sir Malcolm Rifkind on the subject of severe nuisance caused to neighbours who are having basement extensions being done on 2 sides of their property simultaneously.....projects which they have advised will last 18 months. This seems to me to be intolerable. I therefore greatly welcome the long overdue proposals that the council are putting forward to limit the scale of these developments. Please do all you can to tighten the terms of these antisocial projects.

Sincerely  
Rhoda Bucknill
