Policy CL7

I fully agree with all aspects ("a" through "n") of this proposed Policy.

A great deal of preliminary consultation and careful consideration has gone into preparing the Policy, which deals in a balanced manner with the ever increasing trend to excavate under homes and gardens. Such excavations have caused both residents and property serious problems. In my opinion this Policy is both necessary and sound.

If you have selected NO to the planning policy being sound do you consider the planning policy to be unsound because it is not:

Privately prepared of local | Effective | Consistent with national policy

Please give details of why you consider the planning policy to be unsound and / or suggest changes as to how it could be made sound. Please make it clear which paragraph number or Policy box number you are commenting on.
