Dear Mr. Banks

**Basements - Consultation on Main Modifications following Hearing Sessions**

Thank you for consulting us on the above modifications.

We have reviewed the submitted documents in conjunction with our previous response on this matter dated 26 March 2014.

We have no objections to the recommended modifications and support the proposed requirement for effective SuDS and the provision of a metre of topsoil above a basement as outlined within CL7 (j).

If you have any questions please contact me on or email me at, quoting the reference at the beginning of this letter.

Regards

**Mr Andy Goymer**
