Dear All,

Please find attached soft copy of my note from today and the pictures of Hyde Park. I will send two other e mails (due to file size):

- E mail 2 - information on the job we are doing (Bedford Gardens) showing original yard and proposed garden with multi-stem tree garden basement roof.
- E mail 3 – google pictures of the two public squares with car parks underneath; Bloomsbury Square Gardens and Cavendish Square Gardens.

Thank you,

Simon
